Duško Šibl

Born in Zagreb, Croatia, Duško Šibl studied in Zagreb and London including the Royal College of Art. Since 1986 he has lived between Zagreb, London and Dubrovnik, where he has studios and also exhibited his work.

This exhibition forms part of a project produced by Hope Street Limited which leads to the creation of "Time", a live art performance. Directed by Momentum Theatre, with film & projection by Robin Rice, and music by Liverpool band Winterbourne & Blaster, "Time" will be performed at Unity Theatre on 9, 10, 11 October.

"The human figure has been a lifelong preoccupation in my painting, connecting the physical with the eternal Faustian theme of good and evil. I try to express my thought and emotions within the human shape using bold and direct brusque strokes, while colour corresponds with my mood at that moment".
Dusko Šibl, 2008

The Duško Šibl paintings in this split-site exhibition have been created especially for the "Time" project and can be seen at:
